CGPA : 9.7/10

🧠 SKILLS

Python R SQL Big Data

Excel Statistics and Probability

NLP Machine Learning

Tableau Git HTML5 & CSS3

Mern Stack

🎯 INTERESTS

Dancing | Kabaddi | Photography
Badminton

🌐 LANGUAGES

English | Hindi | Telugu

📁 PROJECTS

Developed Optimized Framework For Analysing IOT Data, | NIIT UNIVERSITY

Jan 2023 – May 2023

- Engineered real-time IoT data analysis framework using **Apache Hadoop, Flume, and Hive**.
- Enabled efficient data ingestion, processing, and insights for dynamic IoT-generated data while showcasing optimization and documentation skills.

Health Care Analytics, | NIIT Healthcare

Feb 2023 – May 2023

- Created "NU Health Care" website for NU's Health Center, simplifying record keeping and medication management.
- **Tech Used:** Mongo DB, Express, React Js, Node JS

Amazon Sales Analysis

- Spearheaded Amazon sales analysis project on sales periods, product performance, customer segments, and trends in a compelling manner.
- **Tech Used:** Python (Pandas, NumPy, Matplotlib, Seaborn) for data preprocessing. Translated findings into Tableau dashboards.

Bicycle Sales Analysis

- Conducted in-depth analysis of bicycle sales data, employing SQL for data querying and Tableau for visualizations.

🏢 PROFESSIONAL EXPERIENCE

Prodigy Infotech, Data Scientist Intern

Aug 2023 – Sep 2023

- Working as a Data Science intern on batch data.

Edulyt India, Data Analyst Intern

Aug 2023 – Sep 2023

- Working as a Data Analyst on accounts data.
